### DETAILED ACTION

1. Claims 1-20 are currently pending and are examined on the merits.

#### *Continued Examination Under 37 CFR 1.114*

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 16 August 2004 has been entered.

#### *Allowable Subject Matter*

3. Claims 1-20 are allowed over the prior art of record. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest an optical recording information medium having a substrate with a reflective layer formed thereon and the recording layer formed on the reflective layer with a protective layer formed on the recording layer. The closest usable art of record disclose a layer structure wherein the recording layer is next to the substrate with a reflective layer formed on the recording layer and a protective layer formed on the reflective layer. There is no teaching or suggestion to modify the layer structure as presently claimed by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
